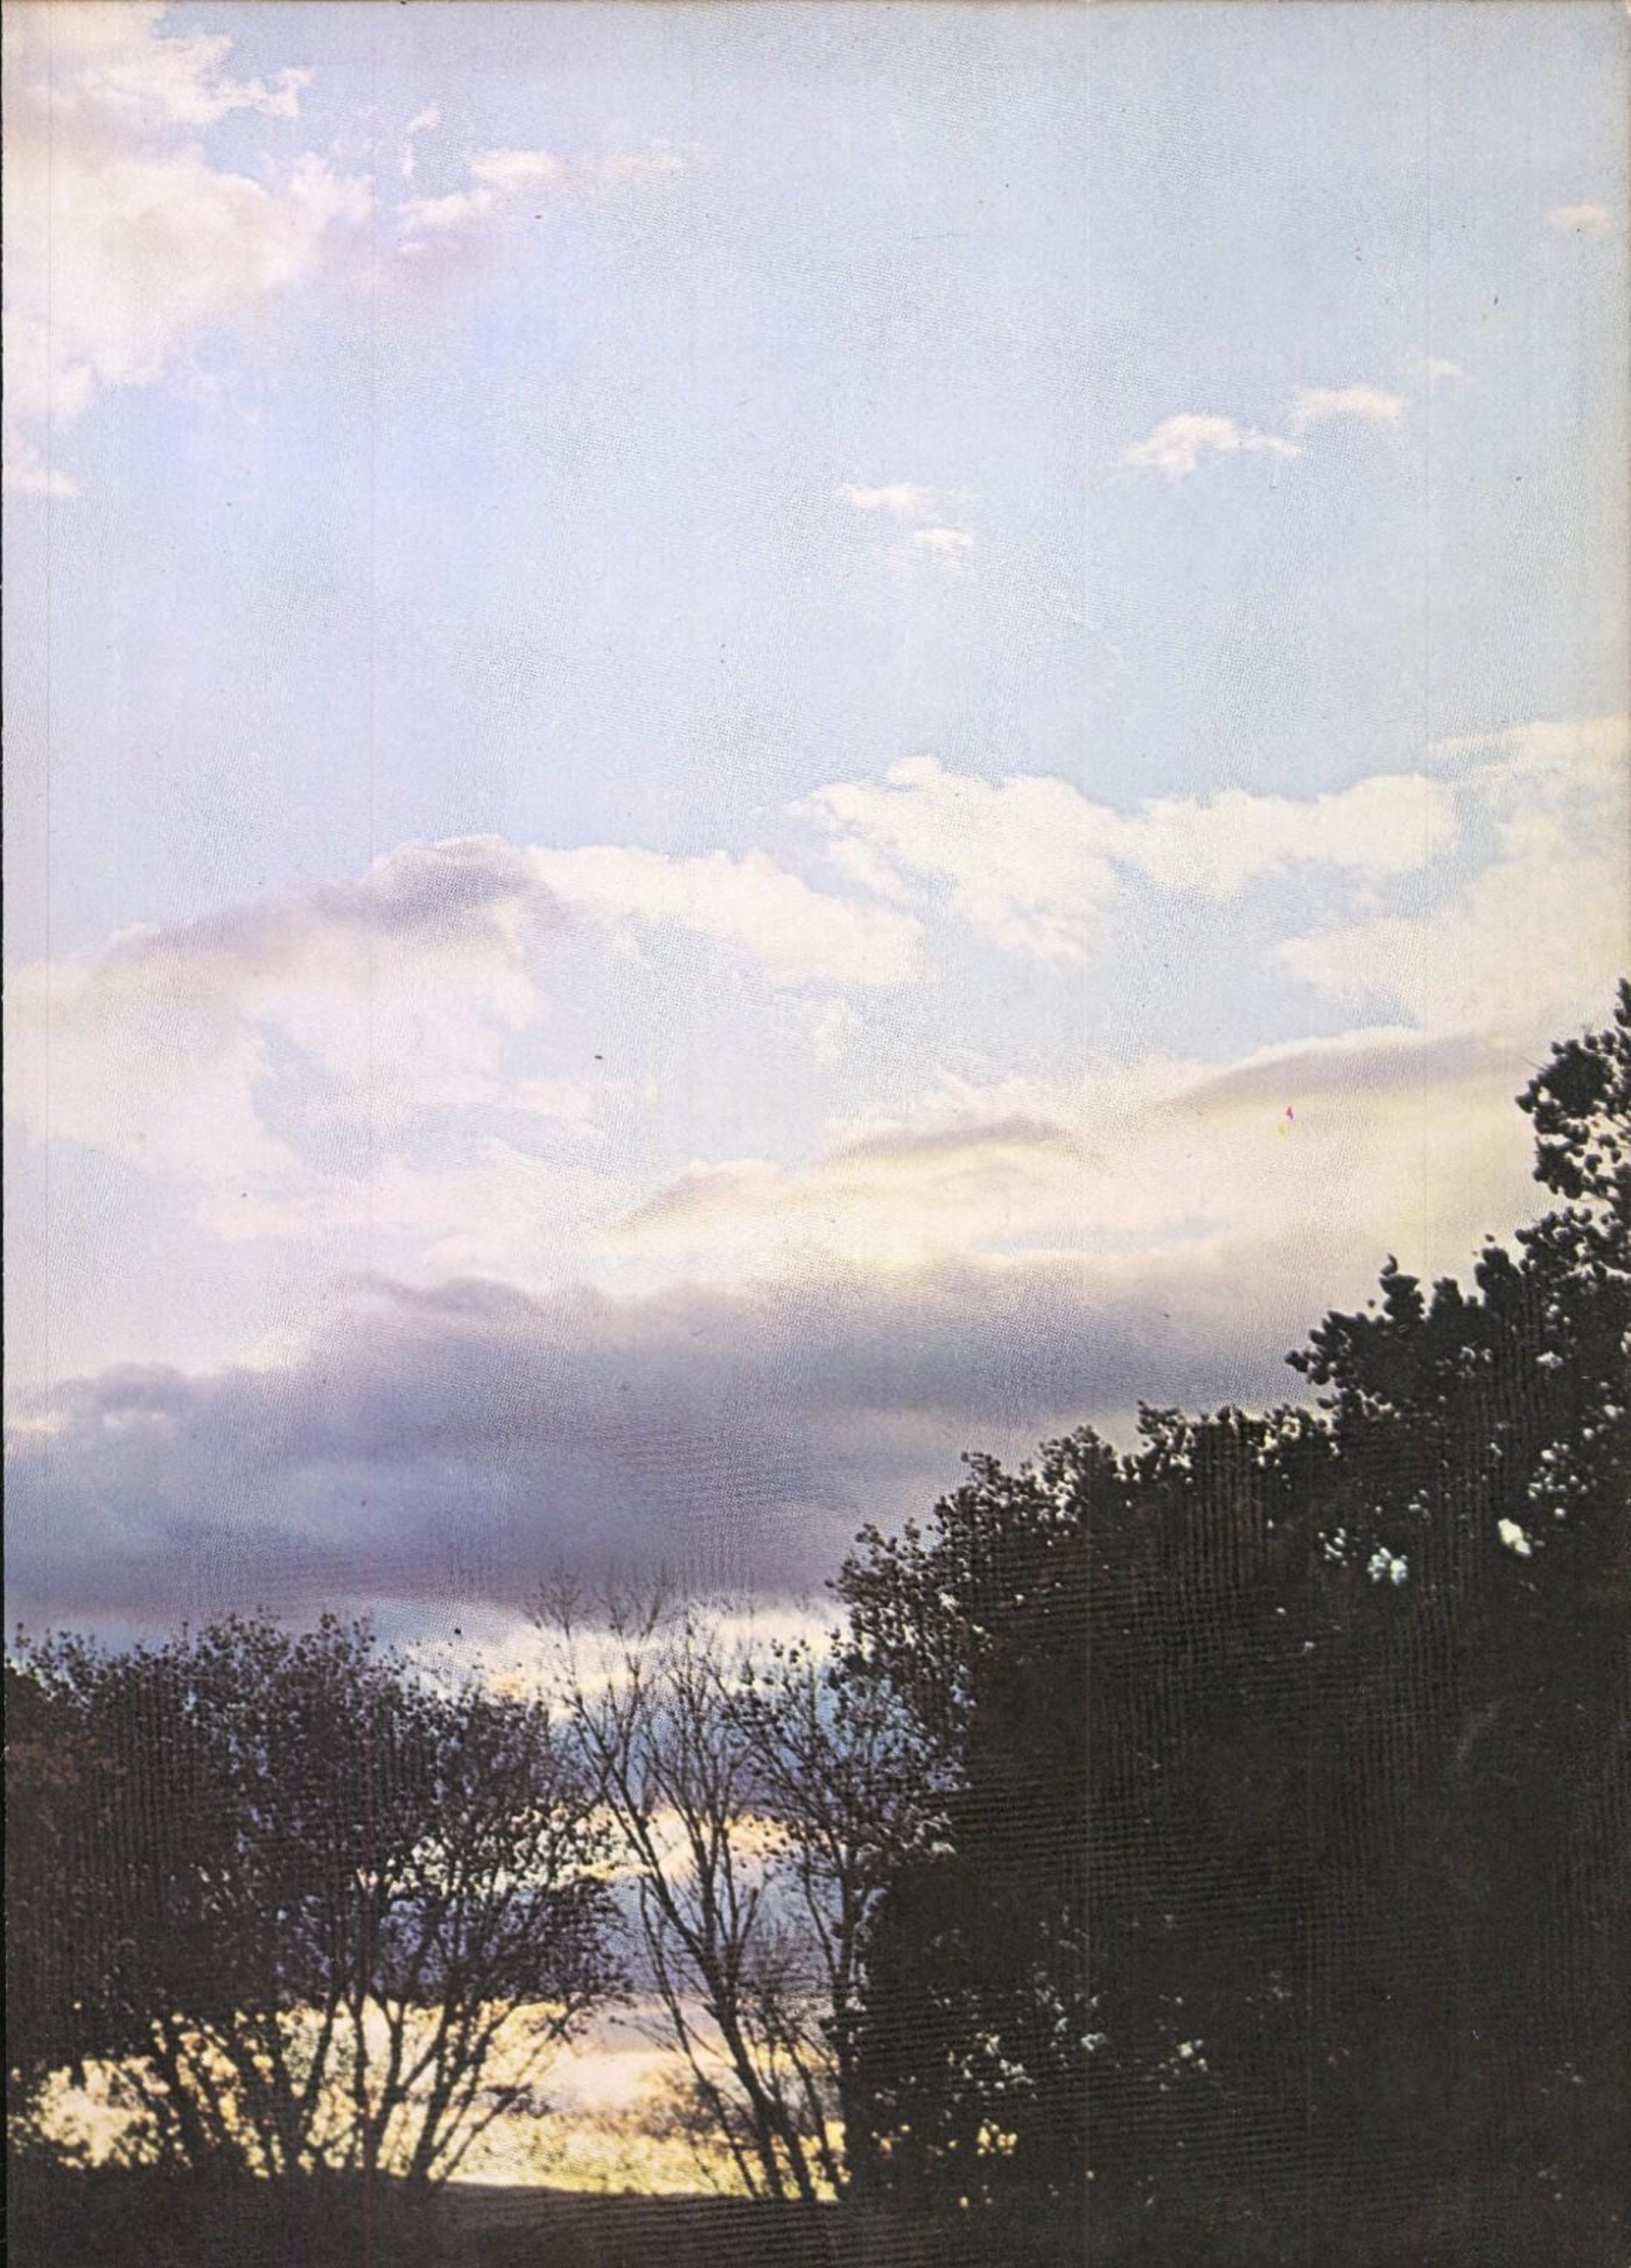
Yrs. 46 on Great



Jimmy...
You've been a real great friend
in the past and I'm sure you will be in the future.
I can always depend on you
to take me somewhere in your car
& treat to go bowling.
Your Senior (ugh) year will be
a breeze.
Remember you're
always welcome
at the Hut.
Good luck in
everything.
Sincerely yours,
L. H. S.

Jimmy,
We have been friends
for a long time now
and I hope we will
be friends just that
much longer. You
are truly a sweet boy.
Love
Debbie

Jimmy (Big Boy),
I'm the best friend I've ever had + I'm not only been past you've not only been my good friend but when I seem to be down or go wrong in any way I could depend on you to lead me in the right direction - It makes no difference what is wrong with me there to lend a hand - May our friendship last forever, always and happiness; where I can repay you in some way the thoughtfulness God give you the world.

P.S. Don't let all this go to your head, I'm pretty good too -

A friend as long as I live)

Dedication

The Fidelis Staff takes the privilege of paying recognition to one who has quickly become an important part of our school and community life. To one who has worked tirelessly to better our Band and Music program; To one who has served our youth so well as Boy Scout Leader; To one who serves the community as a volunteer fireman; To one who is always willing to lend a helping hand; To a dedicated school, community, and family man, the 1966 FIDELIS is proudly dedicated.

Principal's Message

There have been many evaluations of education in terms of economic productivity and intellectual output. There have been many lengthy definitions of education. What seems to me to be one of the simplest and most meaningful is that the function of education "is to teach people to understand and to appreciate the world in which we live, and the laws and forces by which it operates." There is little point to understanding unless appreciation follows and appreciation without understanding is impossible.

It has been a pleasure and privilege to work with the faculty and students this year. May this book always help to recall pleasant and satisfying memories of your days at LHS.

It is my hope that each of you will prepare yourself to take full advantage of the opportunities which lie ahead for you.

Best Wishes,

Bernard Waggoner

Dear Jimmy,

What a blast we had this year
on our field trip, too bad your chicken
for not wanting to go out on the river.
I'm just kidding. You sure are a
great guy but you need to carry your
boat to the lake more often and ask
me along. Best of luck through
your life and may you live to
see your 21st birthday.

A friend,
Gary

P.S. Down with Juniors up

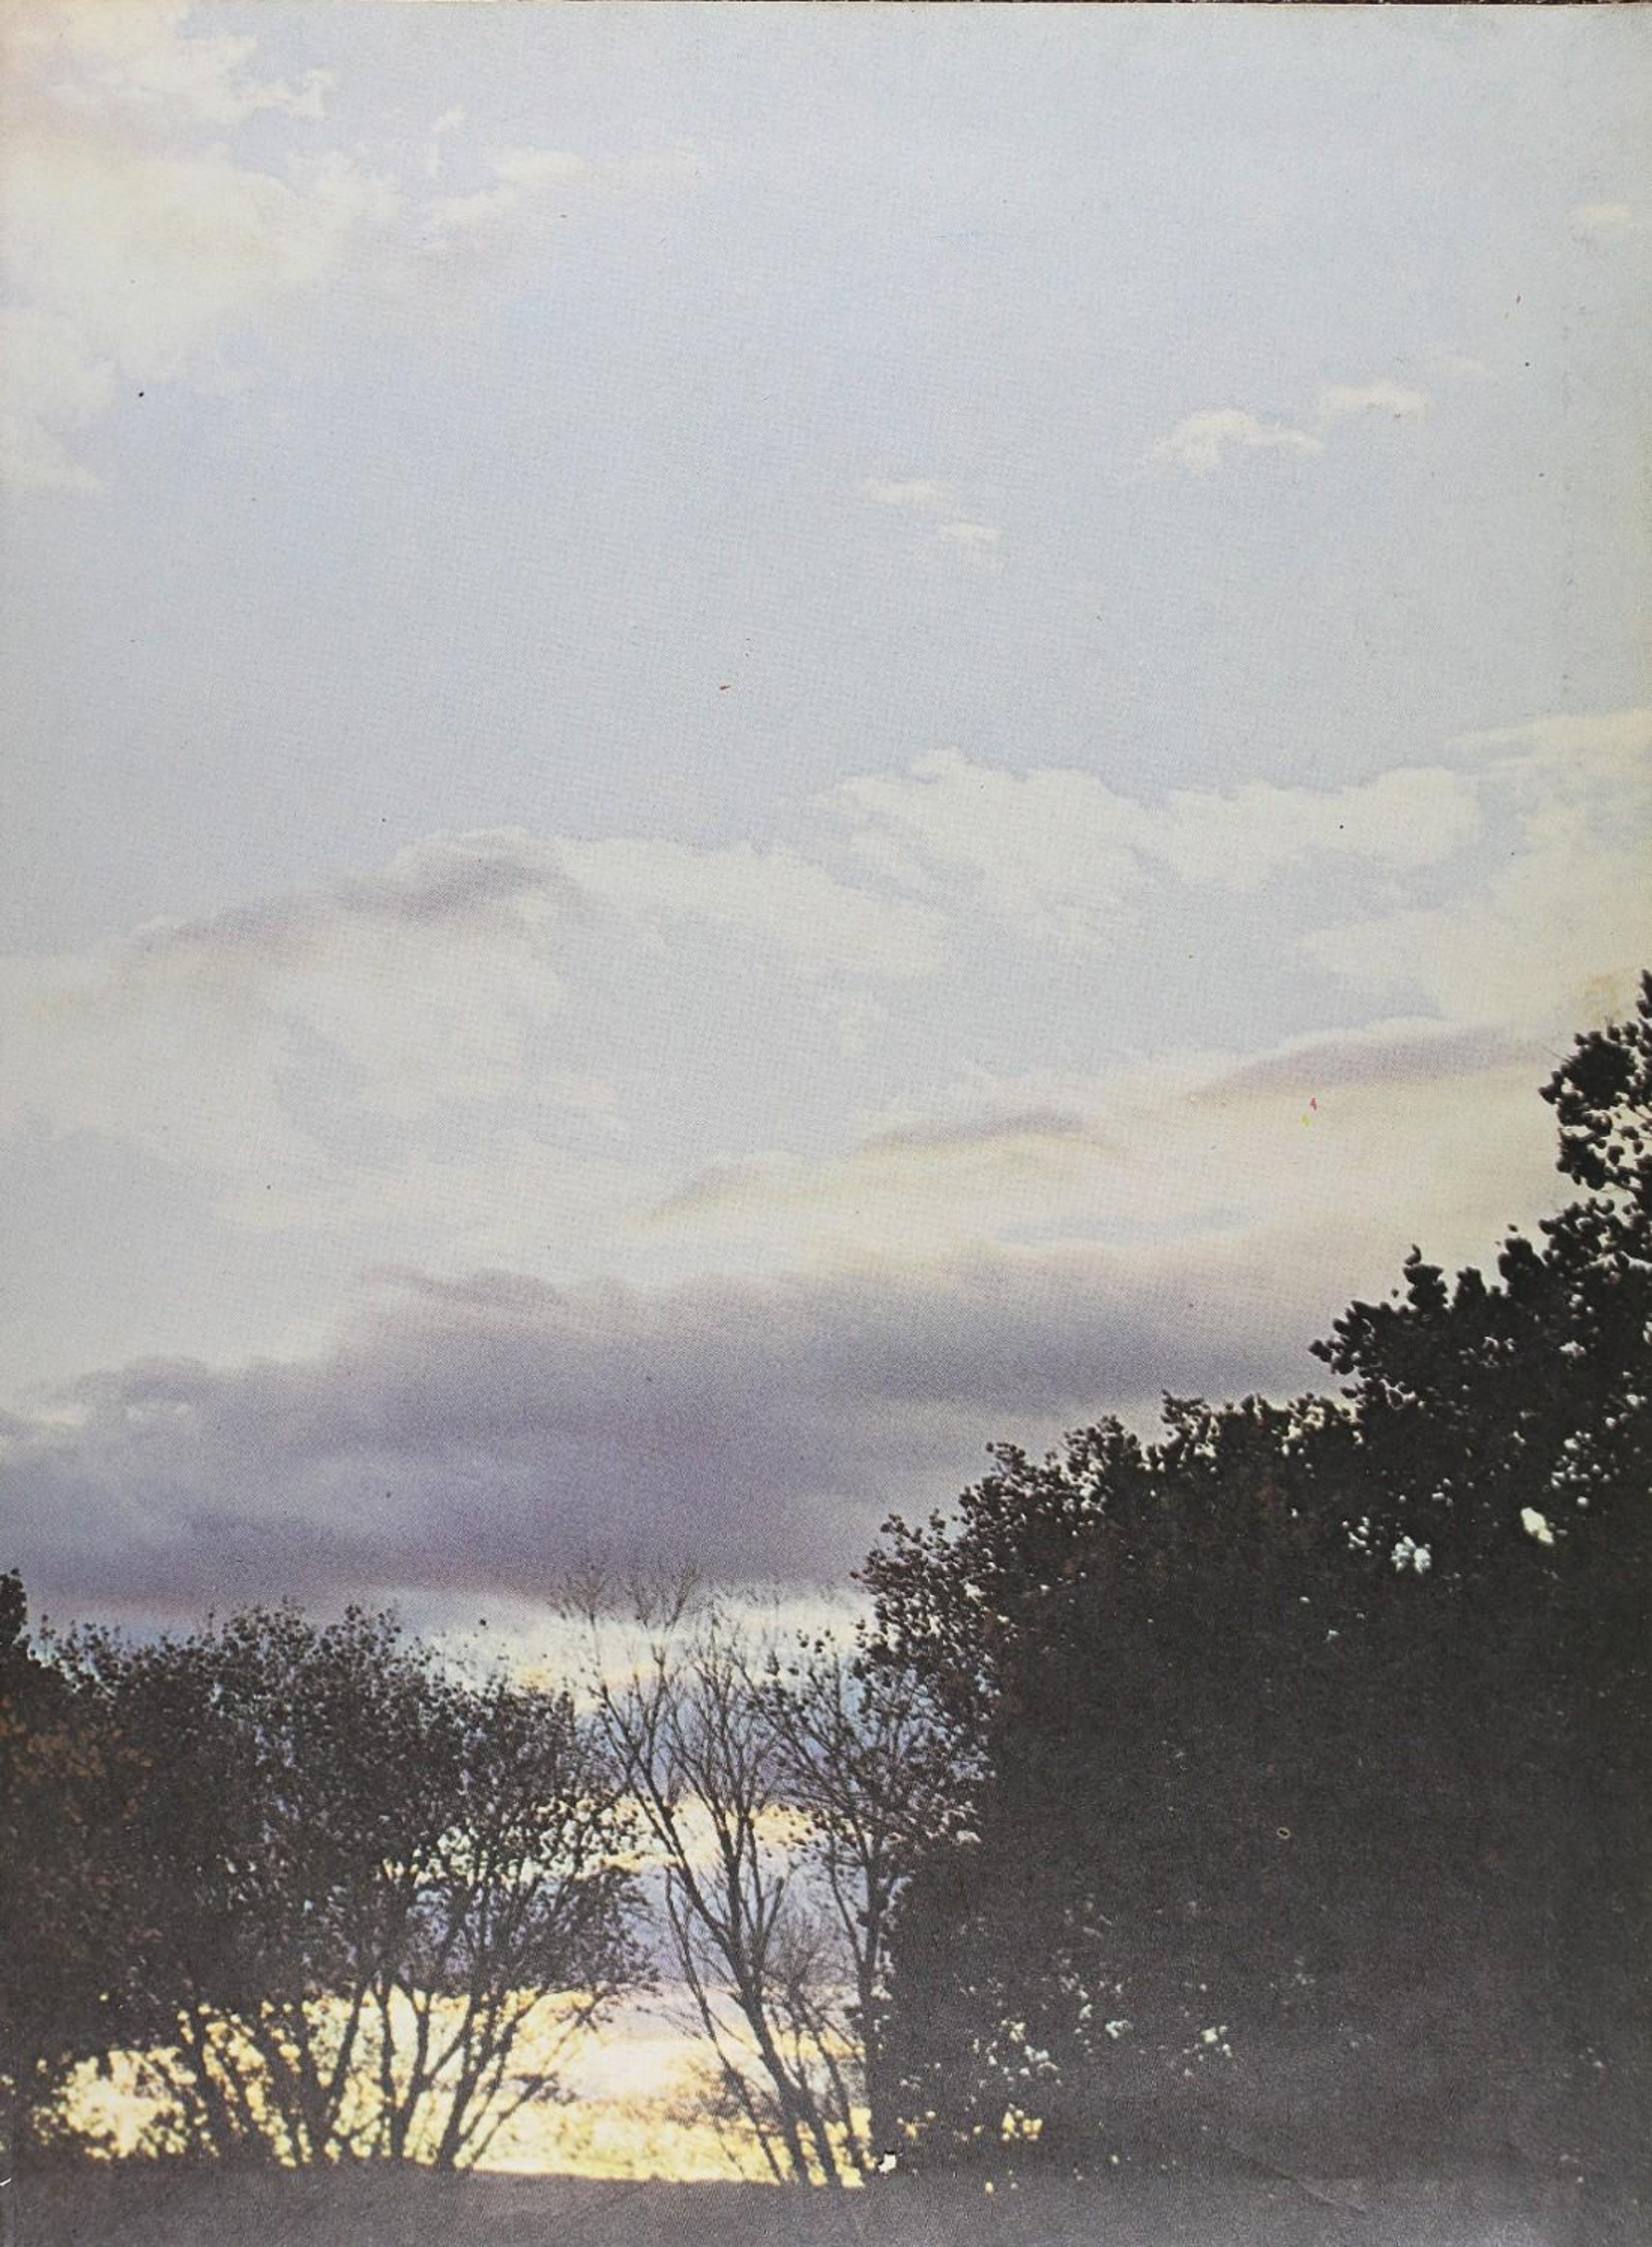
Jimmy,

You have the sweetest brother in the world — no really- you are a fine person. I am proud I've had the privilege to know and be around you, and most of all — be your friend. Your personality is so good, you'll never be without friends. I know that sometimes you get discouraged about the future, well, we all do Jim, it's just natural. You just stay in there and keep pulling because "your gonna make it." You have many good qualities which will carry you to success and happiness. Stay as sweet and friendly as you are now, I wouldn't want you to change. I'm sure going to miss ole LA2 next year, but I know you'll hold her down. I hope we'll always be friends and your future will be happy one. If you ever need anything just follow Gabe Rube the Carter family in the world Jim I know your proud of the world they're proud of you.

LOVE ALWAYS
SUSAN


P.S. Write me at college I'll be lonesome. Love ya, Jim, as always Be Good (if ya can)!!
